Biography

Early life

Born in Shiroi, Yamagata,[JA1] as a family that owned a paper shop,[3] Togashi began drawing manga casually in his first or second year of elementary school.[4][5][6] In high school, Togashi joined the fine-arts club, and he later enrolled at Yamagata University, where he studied education in the hope of becoming a teacher.[7] During college, he submitted some of his manga work to *Weekly Young Jump*, published by Shueisha.[8] In 1986, at age 20, he authored a manuscript titled *Bathtub Brought* (バットとブラトゥーク, *Battoto Burakuto*) for which he received the Tezuka Award, the most prestigious award for new comic artists in Japan.[9][10][11] Another manga by Togashi, titled *Jura no Mizuki* (ジュラの下りる, as an honorable mention in Shueisha's first annual *Hop-Step Award* selection magazine, published in 1988.[7] After having given up his goal of becoming a teacher, Togashi was contacted by an editor of *Weekly Shōnen Jump* during his senior year of college, who asked him to move to Tokyo.[12]

Career

Togashi's earliest published works for Shueisha include *Ōkami Numbe Kosakusanshō* (狼ナンプ考くらべ小作品, *I'm Not Afraid of the Wolf!*), a collection of comedy manga short stories. *Weekly Shonen Jump* published some of the stories prior to a syndicate release in 1989. Between 1989 and 1990, Togashi published *Yes Jo Shizumu Togeki*, a four-volume romance manga depicting the relationship between a romantic human boy and a beautiful devil girl.

In 1990, Togashi made a name for himself with his next series, *Yu Yu Hakusho*. Based on his interests in the occult and horror films, the plot features the character Yusuke Urameshi, who is killed and brought back to life as an "Underworld Detective". The manga, which lasted 175 chapters over its serialization from 1990 to 1994, went on to sell over 78 million copies worldwide, earned Togashi a Shogakukan Manga Award, and received a hit anime adaptation.[13][14] In 1995, he created *Level E*, a science fiction-comedy manga. Comprising three volumes, it was first published in *Weekly Shonen Jump* in 1995 and was until 1997.[15][16][17] *Level E* was adapted into an anime television series in 2011.[18]

Togashi's next major manga series, *Hunter × Hunter*, began serialization in 1998. The story revolves around the protagonist Gon Freecss, a young boy searching for his father, a legendary, elite member of society called a "Hunter". This manga also performed very well commercially, with the first six volumes selling nearly 55 million copies in Japan as of August 2011.[19] It has 6 million copies in circulation as of July 4, 2022.[20] In 2008, Togashi tied with *One Piece* author Eiichiro Oda as the fifth highest-paid mangaka.[21] In 2009, Kenko Akino stated that Togashi was unusually generous to his staff.[22] In July 2012, Togashi revealed that he was unable to sit in a chair for two years due to his back and hip problems, but was able to resume drawing by doing so while lying down.[23]

Manga artists Yoshihiro Watoshi and Pink Hanamori have cited Togashi and *Yu Yu Hakusho* as an influence.[24][25] He is one of the favorite artists of *Naruto* author Masashi Kishimoto.[26] *Jujutsu Kaisen* author Gege Akutami named Togashi as an influence and was inspired by *Yu Yu Hakusho* and *Hunter × Hunter*.[27][28][29]

Personal life

Togashi is married to Naoko Takeuchi, the creator of *Sailor Moon*.[30][31][32] The two were introduced at a party hosted by Kazuki Hagiwara in August 1997. The following year, Takeuchi assisted Togashi for a short time by adding screentone to his manga *Hunter × Hunter*.[33] Togashi and Takeuchi got married on January 6, 1999. In attendance for the ceremony were several fellow manga artists and voice actors from both the *Sailor Moon* and *Yu Yu Hakusho* anime series.[34] The couple have two children and have collaborated on a children's book titled *Oishi~Na~ Fuchiban*.[35] (Na~ら おし~ふちばん, which Takeuchi wrote and Togashi illustrated.)[36]

Togashi enjoys board-game-style video games and bowling with his family.[34] He also likes watching horror movies,[37] and considers *Don't Look Up* and *Dayon of the Dead* his favorites.[38] Togashi cites visual effects designer H. R. Giger as a major influence, with over three million followers.[39][40] He posts status updates on his work on *Hunter × Hunter* on Twitter on an irregular basis.[41]

On March 24, 2021, Togashi announced that he was diagnosed with cancer and considers *Don't Look Up* and *Dayon of the Dead* his favorites.[38] On March 30, 2021, Togashi and his fellow manga artists posted messages on the official *Weekly Shonen Jump* website in support of the victims of the 2011 Tōhoku earthquake and tsunami.[42] He has a younger brother named Hideaki Togashi, who is also a manga artist. The Togashi Paper Store run by his mother is still open in Shiroi, Yamagata.[43]

On May 24, 2022, Togashi created a Twitter account, @YOUSuke96pyNKpb, that was later verified to be legitimate by Shueisha. He gained over one million followers in one day, and two millions in 79 hours.[44][45][46] He is the most-followed manga artist on the platform, with over three million followers.[47][48] He posts status updates on his work on *Hunter × Hunter* on Twitter on an irregular basis.[49]

For years, he has been suffering from chronic back issues, leading to several hiatuses spanning multiple years. Due to these issues, he is only able to draw sporadically and only while lying down.[50]

Style

Manga critic Jason Thompson stated that Togashi is no ordinary mangaka; he does things his own way", further noting that Togashi's first one-shots were a mix of school comedy and "borderline perversity". At age 24, Togashi created a hit with the supernatural-fighting comedy manga, the tale of the "obvious imitation" of the *Dragon Ball* formula of "start out as a comedy and then, once the readers like the characters, have them kick the crap out of each other". Then, rather than continue the series for as long as possible to maximize his profit, Togashi ended the series abruptly. He then created the "o% fighting and won't humor" science-fiction horror manga *Level E*.[50]

Togashi's style of artwork began with screentone but gradually decreased over time,[51] with Rika Takahashi of *EX.org* and Chiroki J. *Pelletier of Protoculture Addicts* found the art style in *Hunter × Hunter* much simpler than *Yu Yu Hakusho* and *Level E*.[52][53] Thompson noted that artwork changes in *Hunter × Hunter* as a result of "time and missing backgrounds, but Togashi goes back and fixes it for its collected tankōbon release.[50][54] It was also over that Togashi has a love of gore and noted that some panels in *Hunter × Hunter* are apparently censored for gore, being covered with screentone.[50]

Since 2006, Togashi has taken numerous lengthy hiatuses while serializing *Hunter × Hunter*.[50] Some were due to illness and lower back pain,[55][56] while reasons for others were never disclosed.[57][58] In 2012, Thompson speculated that Togashi's slow output was because he's a perfectionist who enjoys his work and wants to do things himself", noting that his assistants could potentially be called upon further.[50] In his 2015 book *Manga Bible*, which recounts his work on Togashi's assistant from 2006 to 2011, Kenko Akino stated that Togashi was unusually generous to his staff.[59] In July 2012, Togashi revealed that he was unable to sit in a chair for two years due to his back and hip problems, but was able to resume drawing by doing so while lying down.[60]
